BEYOND TRADITIONAL IPL

- Permanent Hair Reduction
- Acne Treatment
- Skin Rejuvenation
- Vascular Lesion Therapy
- Pigmented Lesion Reduction

Tailored Solutions for Your Clients'
Most Common Skin Concerns

Why Zemits Light Expert PRO Is the Smart Choice

LIGHT EXPERT
PRO

| One device

| Dozens of possibilities

| Visible results for every skin concern

For Your Business

- **All-in-One Treatment Platform**

IPL, SHR, and DPL technologies in a single, compact device – no need for multiple systems.

- **10 Interchangeable Filters Included**

Covers a wide range of skin types (Fitzpatrick I–V) and treatment goals – from hair removal to acne, vascular, pigmentation, and rejuvenation – all without costly add-ons.

- **All-in-One Treatment Platform**

Covers a wide range of skin types (Fitzpatrick I–V) and treatment goals – from hair removal to acne, vascular, pigmentation, and rejuvenation – all without costly add-ons.

- **Rapid Return on Investment**

Break even in as little as 2–3 months with just a few clients a day.

- **Ultra-Low Operating Costs**

No pricey consumables, no hidden fees – just a professional gel. Run high-profit treatments with minimal day-to-day expenses.

- **Ready-to-Use from Day One**

Intuitive touchscreen interface and built-in protocols simplify training and daily use.

For Your Clients

- **Comfortable from Start to Finish**

No burning, no stinging – just a cooling touch that keeps skin calm and relaxed throughout the session.

- **Visible Results for Every Concern**

Whether it's unwanted hair, acne, pigmentation, or redness – each treatment is tailored to deliver real improvements.

- **Confidence for Every Skin Tone (I–V)**

Treatments are carefully adapted for fair to medium-dark skin, ensuring both safety and effectiveness – without compromise.

- **Fewer Sessions, Faster Progress**

Powerful light energy reaches the right depth with every pulse, so clients see smoother, clearer skin in less time.

- **Zero Downtime, Immediate Glow**

Clients leave the room refreshed and radiant – ready to return to their day with no redness or recovery time.

Light Expert PRO Technologies

LIGHT EXPERT
PRO

The Zemits Light Expert PRO combines three cutting-edge technologies to deliver a full spectrum of non-invasive treatments – with precision, comfort, and consistent results.

- **IPL (Intense Pulsed Light) Technology**

Delivers a broad-spectrum light range (430–1200 nm) to effectively treat multiple concerns, including hair removal, pigmentation, acne, and skin rejuvenation. Adjustable energy output allows precise treatment settings tailored to each skin type and condition.

- **SHR (Super Hair Removal) Technology**

Utilizes low-fluence, high-frequency pulses in an advanced “in-motion” technique. Gradually heats hair follicles for painless, efficient hair removal – even on darker skin tones – while ensuring a high level of client comfort.

- **DPL (Dynamic Pulse Light) Technology**

Applies a narrow-spectrum light (~100 nm bandwidth) to selectively target melanin and hemoglobin. This increases treatment accuracy for pigmentation and vascular conditions, reduces thermal damage to surrounding tissue, and speeds up recovery time.

One Device. Five High-Demand Treatments

Expand your service menu with treatments that deliver the **visible results your clients love**

Permanent Hair Reduction

Safe and effective hair removal for all skin types, including darker tones, using SHR technology.

Vascular Lesion Therapy

Efficiently removes small vascular lesions like spider veins with minimal discomfort and no downtime.

Skin Rejuvenation / Photofacial

Improves skin tone, texture, and elasticity, reducing early signs of aging and sun damage.

Pigmented Lesion Reduction

Reduces hyperpigmentation, age spots, and sun damage, evening out skin tone for a radiant complexion.

Acne Treatment

Non-invasive solution for treating active acne and preventing future breakouts, promoting clearer skin.

Smart Handpiece & Precision Filters

LIGHT EXPERT
PRO

Light Expert PRO is equipped with an ergonomic, lightweight handpiece featuring a sapphire contact cooling tip (0–5 °C) – ensuring safe, comfortable contact with the skin during every treatment.

The system includes a full range of quick-swap filters, each optimized for specific indications:

- **Hair Removal:** 640, 690, 750 nm
- **Skin Rejuvenation:** 530, 560 nm, 590 nm
- **Acne Treatment:** 430, 480, 530 nm
- **Vascular Lesions:** 530, 560, 590 nm
- **Pigmented Lesions:** 480, 530, 560 nm

Effortless filter changes make it easy to transition between treatments – delivering speed, precision, and versatility with every session.

THE POTENTIAL TO EARN OVER £280,000 IN ONE YEAR

with 2 clients per day, 20 business days a month

Technical Specifications

LIGHT EXPERT
PRO

Parameter	Time per Session
Device Type	Intense Pulsed Light (IPL) System
Light Source	Broad-spectrum xenon pulsed light
Wavelength Range	430–1200 nm (via interchangeable filters)
Energy Density	10–60 J/cm ²
Pulse Duration	1–20 ms
Pulse Delay	5–50 ms
Pulse Sequence	1–15 pulses
Pulse Frequency	1–10 Hz
Spot Sizes	12 × 33 mm (DPL) 15 × 35 mm, 15 × 50 mm (IPL)
Cooling System	Sapphire contact cooling tip + water + fan + TEC (0–5°C)
User Interface	10.1" Android touchscreen
Power Supply	110V ±10% / 60 Hz or 230V ±10% / 50 Hz
Max Power Consumption	1400 W

Physical Dimensions & Weight

Parameter	Time per Session
Device Dimensions	59 × 42 × 40
Device Weight	32 kg
Shipping Dimensions	73 × 55 × 60
Shipping Weight	47 kg

Enhance Every Treatment with Zemits AquaTenzer

Professional Gel for Diode and IPL Treatments

Zemits AquaTenzer is a premium conductive gel developed to maximize comfort, safety, and treatment precision during laser sessions.

Why Professionals Use It:

- Hypoallergenic, water-based formula
- Ensures smooth energy transfer and effective results
- Safe for all skin types – including sensitive and reactive skin
- Infused with glycerin and propanediol for deep hydration and post-treatment soothing
- Helps reduce redness and irritation after laser exposure

Pairing Light Expert PRO with AquaTenzer means smoother treatments, happier clients, and better results – every time.

What's Included with Your Light Expert PRO

More than just a device – a complete business-ready package

When you invest in Light Expert PRO, you receive more than hardware. You're getting a fully supported system that helps you launch, treat, and grow with confidence.

You Receive:

- 24-Month Warranty
- Professional Training Program
- Certificate of Completion
- Free Shipping
- Marketing Support through the Zemits Provider's Catalog Search System
- Marketing Starter Kit
- Lifetime Customer Support
